

5 Reasons your event needs a Photo Booth

5 Reasons Your Wedding (or other special event) Needs a Photo Booth

If you've been to enough weddings with photo booths, you know how much fun they are. The photo booth is where everyone is laughing, smiles are made, and memories are captured for a lifetime.

We (Thomas and Shannon, the owners of MiFunBooth) had a photo booth at our wedding. Here are a few reasons we were glad to have a photo booth:

1. **Fun** – According to The Knot, over 80% of guests say they remember the entertainment, above all else, at a wedding reception. But not EVERYONE wants to dance to the amazing DJ you hired from A+ Entertains (hint hint www.aplusentertains.com) Some people just want a more controlled, silly type of fun. This is especially true of kids who love photo booths! Props range from hats to sunglasses, signs to leis, and more! The poses you see will make you smile, laugh, wonder, and even blush. But more than the props, some of the hilarious faces and poses can entice guests watching want to try and outdo one another. Regardless of what pose is made, everyone has fun.
2. **Memories** – You get all the digital images after your wedding. And if you select our wedding package, you'll also get a memory book. In this, one of each strip goes into the book, and guests have the option to sign it and/or write a message to the guests of honor. With photo booth images, you'll get to see everyone having a great time at your wedding. The pictures will be fun to look at whether on honeymoon or after twenty years of marriage.
3. **A Gift to Your Guests** – With our photo booths, we often hear, "This photo booth makes me look great!" We utilize the same equipment you'll find in a photography studio. We offer guests some of the best pictures they've ever taken. Photography studio sessions aren't cheap. Thus, a photo booth offers awesome gifts to your guests that

they'll treasure for years.

4. **Entertainment Variety** – The traditional source of entertainment for a wedding is a DJ (www.aplusentertains.com ☺). However, there are many people that don't like to dance. You want to provide them with entertainment options too. Yard games are fun (www.heartweddingdecor.com) but the interactive nature of our open air photo booth encourages others to watch and participate. A photo booth is fun for everyone. I've seen many people who are apprehensive about the photo booth, but once they come through a couple times, they can't get enough of it. It truly is addictive fun.
5. **The AWESOME photographer cannot possibly capture everything** – No matter what, there are moments and emotions that can only be captured in a photo booth. Guests love to cut loose, and the photo booth makes this not only acceptable, but also encouraged. It is hard for some people to get out of their own way, but slap some funny glasses on your mom and "voila" hilarity ensues.
6. **Bonus** – If you opt for our print package (or Wedding Package) you have solved two planning items in one. Now you don't need to go out and buy tulle baggies and fancy ribbon to fill with personalized candies, write a cute (short) poem, and assembly line a bunch of favors. Trust me when I say that more favors are left on the tables at the end of an event than are taken by guests. Photo booth strips however, don't seem to get left very much. It is a fun way to give a personalized favor to all of your guests that they will treasure for years to come.

I hope that this shows you some great reasons to select MiFunBooth for your upcoming wedding! Please feel free to visit us at www.mifunbooth.com and select the Book Now button at the top of the page.

Thank you, and have an amazing event!

Thomas, Owner, MiFunBooth
